

# Different

A girl,

Sitting in a sandpit

Covering her ears,

Shutting her eyes,

but nothing more to do

just

sit.

grains of sand

play under her feet.

No friends but no

Foes

no rights, no wrongs.

Whispers...

more that should be done

Looks.

Sounds of

laughter and play

feels like

Shards of glass

in her mind.

Rocking back and forth

Keeps her calm.

Odd sounds...

humming and hissing.

Rocking back and

forth.

She looks just like

you,

She looks just like

me...

but her mind is

different
