

MY NEW FRIEND

Once upon a time, I was outside playing with my basketball in my backyard.

I loved playing basketball and shooting hoops in my yard but it was sometimes a bit boring playing by myself, I really wished I had a friend to play with.

I was shooting lots of goals when all of a sudden my ball went too far and went over the neighbour's fence.

I ran inside and told my Mum.

Mum and I decided to go knock on the next door neighbour's door and ask them for my ball back.

We walked up the driveway and went to knock on the door.

I felt nervous as I had never met my neighbours before.

"Just go ahead and press that button" Mum said to me as she pointed to the doorbell.

I pressed it. The doorbell rang and I heard footsteps running towards the door.

When it opened a young girl around my age and her Mum were standing there.

"My ball went over your fence" I said

"I will run and get it for you" The girl replied.

When the girl came back, she told me how she also loved to play basketball.

Our Mums suggested they have a cup of tea in our yard and my new friend come over and play basketball with me.

We shot hoops all afternoon and had so much fun together playing.

We became best friends and I am so glad we met.

THE END.
